

We have recently changed our parking validation policy for the garage at Inova's Ballston office, located at 1005 N. Glebe Rd.

There is underground parking for the building, and **Inova will validate for one hour of free parking** in this garage. The garage is located off 11<sup>th</sup> Street North, and there is a drop-off area on Glebe Road.

Parking validation for the first hour is important to us, as parking in the area can be challenging. Our goal is to provide easy access to our offices for your appointment.

Parking rates are set by building management and are subject to change. Paid parking is available Monday through Friday from 6 a.m. to 10 p.m.:

- **Up to one hour** – Free (with parking validation from Inova)
- **One to two hours** – \$4 (with parking validation from Inova)
- **Two or more hours** – \$7 (with parking validation from Inova)

Thank you for trusting us with your healthcare needs. It is our mission to provide world-class healthcare – every time, every touch – to each person in every community we have the privilege to serve.
