

Inova at a glance

About Inova

We are Inova, Northern Virginia and the Washington, D.C. metropolitan area’s leading nonprofit healthcare provider. With expertise and compassion, we partner with our patients to help them stay healthy. We treat illness, heal injury and look at a patient’s whole health to help them flourish. Through our expansive network of hospitals, primary and specialty care practices, emergency and urgent care centers, and outpatient services, Inova provides care for more than one million unique patients every year. Total patient visits exceed four million annually, demonstrating our ability to deliver the best clinical care and ensuring a seamless experience for all who rely on us for their healthcare needs. Consistently ranked and recognized as a national healthcare leader in safety, quality and patient experience, Inova’s world-class care is made possible by the strength and breadth of our network, our 24,000 team members, our technology and our innovation. Inova is home to Northern Virginia’s only Level 1 Trauma Center and Level 4 Neonatal Intensive Care Unit and provides high-quality healthcare to every person in every community we are privileged to serve – regardless of ability to pay – every day of their life.

Caring for our community

As the region’s leading nonprofit healthcare provider, Inova offers the right care at the right time to keep our community healthy and strong, even in the midst of a global pandemic. By bringing world-class healthcare, education and wellness programming to area residents, regardless of their ability to pay, our community benefit services amount to hundreds of millions of dollars each year. Through subsidized health services, free or discounted charity care, clinical programs for low-income residents, and investments in medical education and cutting-edge research, Inova will continue to work to address health disparities and identify gaps to advance health for all. Inova’s commitment is twofold: to provide access to world-class healthcare services to make people healthy, and to provide education and services to help keep people healthy.
